

TRANSPORTATION EQUIPMENT

The school district will purchase transportation vehicles, which meet the requirements of the Board and the State Department of Education. The purchase of such vehicles will be in compliance with Board policy.

School district student transportation vehicles will be inspected twice annually by the State Department of Education. School district transportation vehicles, used to transport students, will be routinely maintained according to a schedule developed by the superintendent.

It will be the responsibility of the superintendent to arrange for the inspection of the school district transportation vehicles requiring inspection and to develop a program for routine maintenance of school district vehicles.
